

Manchester Relays 2010

Once again we hosted the annual Manchester Relays last Saturday at the University playing fields. Saturday proved to be a lovely sunny day, the course was great and the perfect distance. All team members ran well and the Alehouse men team came in 1st. After the race and sorting out where our guests would stay (Gooch being very disappointed by the fact he did not get Edinburgh but Leeds instead!) everyone headed out for a curry on the mile with the Dossers, Edinburgh, UCLAN, Bristol and Liverpool. After finally getting our food the beer racing began and Alehouse won! Monica had prepared some very interesting pints consisting of beer mixed with lamb curry / chicken curry / a lion bar and much more for each team's captains to down! After things got a bit too much for Shahenshah (punched hole in the ceiling tile) we moved onto Robbos where the true evening fun began. This included downing champagne and many a shot as well as dancing to some old classics not to mention the huge 8 man pile up with poor Emma being at the bottom!!!! Nonetheless, it was a fun evening that won't be forgotten in a hurry!

Thanks go to everyone who took part and well done to the club who organised and carried out another successful Manchester Relays ☺
